We invite you to join us as an exhibitor at the 2018 Annual Assembly of Hospice and Palliative Care, presented by the American Academy of Hospice and Palliative Medicine (AAHPM) and the Hospice and Palliative Nurses Association (HPNA). This important event will be held at the Hynes Convention Center in Boston, MA, and is expected to draw more than 3,000 attendees.

The Annual Assembly will offer the most current information about the treatment of patients experiencing serious or life-threatening conditions, including pain management.

AAHPM’s more than 5,100 members are physicians from many medical specialties who are committed to enhancing the practice of high-quality hospice and palliative medicine, recognized as a subspecialty of medicine since 2008.

HPNA members are nurses who specialize in the practice of hospice and palliative nursing, promoting excellence across the life-span continuum. HPNA was founded in 1986, and membership has grown to more than 11,000 nurses throughout the United States. A key component of HPNA’s mission is to promote the recognition of hospice and palliative care as essential components throughout the healthcare system.
