

Title	AAHPM ID	Session Type
Cardiologist and Hospitalist Decision-Making in Palliative Care Referral for Hospitalized Patients with Heart Failure: a Multi-Institutional Survey	GP700	Poster Session
Empowering interpreters to partner in palliative care conversations: effect of a dialogue-based curriculum on interpreter attitudes and confidence	GP701	Poster Session
Cultural Values, Preferences, and Goals of End-of-Life Care of Family Members of Patients with Life-Limiting Illness in Kumasi, Ghana: A Community-Based Study	GP702	Poster Session
Parent-Child Communication Outcomes of a RCT Testing a Legacy Intervention for Children with Advanced Cancer	GP703	Poster Session
Measuring Engagement in Advance Care Planning: Comparison of a Validated Survey with Chart Review in Kidney Patients	GP704	Poster Session
A Randomized Controlled Trial of TrialTALK: A Designed Conversation for Cancer Treatment Decision Making	GP705	Poster Session
What Defines High Quality End-of-Life Care for Children with Cancer? A Stakeholder-Driven Qualitative Study	GP706	Poster Session
Palliative Care Needs of Patients with Cancer Receiving Active Therapy	GP707	Poster Session
'Is This the End or a Bend?': Navigating Hope at End of Life in Pediatric Oncology	GP708	Poster Session
'If we build it, will they come?' A cohort study of family utilization of a pediatric-specific inpatient hospice facility	GP709	Poster Session
Outpatient Palliative Care is Not Just for Cancer: A Novel Palliative Care Clinic for Patients with Other Serious Illnesses	GP710	Poster Session
'It's a Rollercoaster': Cancer-Bereaved Parents Describe Their Grief Experiences	GP711	Poster Session

Self-Reported Palliative Care Competencies: A Study of Licensed Nurses in the State of Texas	GP712	Poster Session
Ethical Concerns in the Care of Patients with Advanced Kidney Disease: a National Retrospective Study	GP713	Poster Session
A Palliative Care Consult Trigger Tool for Trauma Patients: A Machine Learning Approach	GP714	Poster Session
Unmet Informational Needs among Nursing Home Residents Receiving Antibiotics: a Qualitative Study	GP715	Poster Session
Understanding the Intersection of Pediatric Palliative Care and Child Abuse Pediatrics	GP716	Poster Session
Discordance between Surrogate Goals of Care and Medical Treatments Received by Hospitalized Older Adults	GP717	Poster Session
Opportunities for Palliative Care in Patients with Burn Injury – A Systematic Review	GP718	Poster Session
Assessing Patient Readiness to Engage in End-of-life Discussions: Development and Pilot Testing of the End-of-Life Readiness Assessment (ERA) Survey	GP719	Poster Session
Systematic Assessment of PC need in Nursing Home Residents - An Approach to Improve Care	GP720	Poster Session
Palliative Care for Patients with Heart Failure in the Outpatient Setting: An Integrative Review	GP721	Poster Session
Assessing Resident Confidence and Enhancing Advanced Care Planning in an Outpatient Resident Clinic	GP722	Poster Session
Re-Exploring Goals of Care in Patients Surviving Critical Illness	GP723	Poster Session
Motivational Interviewing for Functional Cancer Pain Goals: A Feasibility Study	GP724	Poster Session

Palliative Care Referral Patterns of Adolescent and Young Adult Patients at a Comprehensive Cancer Center	GP725	Poster Session
African American Communities Speak to Palliative Care Clinicians: Evaluation of an Innovative Community-Developed Communication Skills Training Program	GP726	Poster Session
Elements of Palliative Care in the Last Six Months of Life: Frequency, Predictors, and Timing	GP727	Poster Session
Providers' Perspectives on Prescribing Long-term Opioid Therapy in Cancer: Qualitative Findings from the United States and Australia	GP728	Poster Session
Stronger Together: Integrated Geriatrics and Palliative Care Fellowships to Train Leaders in the Care of Older Adults with Serious Illness	GP729	Poster Session
Risky Health Behaviors Among Adolescents and Young Adults with Advanced Cancer	GP730	Poster Session
A Constant Presence in a Sea of Change: The Lived Experience of Vigil Keeping for a Family Member at End of Life	GP731	Poster Session
Improving Primary Care Clinicians' Communication Skills in Dementia-Related Advance Care Planning	GP732	Poster Session
Patient- and Practice-Level Outcomes Associated with Concurrent Oncologic Care and Specialty Palliative Care	GP733	Poster Session
Patient Reported Advance Care Planning Conversations among a Diverse Population of Older Adults with Chronic, Serious Illness: Gaps and Opportunities	GP734	Poster Session
Multimorbidity and Cancer: Using Electronic Health Record (EHR) Data to Cluster Patients in Multimorbidity Phenotypes	GP735	Poster Session
New Anti-Depressant Utilization Pre and Post Bereavement: A Population Based Study of Partners and Adult Children	GP736	Poster Session
Exploration of Child and Parent Preferences for Communication about Cancer	GP737	Poster Session

Next of Kin Perceptions of End of Life Care: An Investigation of Open-Ended Survey Responses to the VA's Bereaved Family Survey	GP738	Poster Session
Developing a Database and Quality Metric Dashboard to Encourage Quality Improvement for Patients at the End of Life through Community-Based Hospice Partnerships	GP739	Poster Session
Palliative Care for Seriously Ill Trauma Patients	GP740	Poster Session
"I needed someone to hold my hand": Experiences and Unmet Palliative Care Needs at Home from the Perspective of People with Dementia and Caregivers	GP741	Poster Session
Hospice employee perspectives on CPR and 'Aggressive Care' for the Dying: Communication Practices and Ethical Dilemmas in Hospice	GP742	Poster Session
Mapping Community Palliative Care: Results of a Three-Year National Project	GP743	Poster Session
Frequency and Characteristics of First-Time Palliative Care Referrals During the Last Day of Life	GP744	Poster Session
Digital Supportive Care Awareness and Navigation (D-SCAN): Qualitative and Quantitative Results of a Pilot Randomized Trial in Patients with Advanced Cancer	GP745	Poster Session
End-of-Life Care for Persons with Dementia: Caregiver Experiences and Recommendations for Improving Care	GP746	Poster Session
'Some Things Don't Fit in a Checkbox': Hospice Staff Experiences and Perceptions of Quality Measurement of End-of-Life Treatment Preferences	GP747	Poster Session
When is End-of-Life for Patients with Heart Failure? Challenges in Identifying End-of-Life Create Unique Barriers to Quality Care	GP748	Poster Session
Heart to Heart Cards: A Novel Tool for Engaging the Chinese American Community in End-Of-Life Care Conversations	GP749	Poster Session
The Efficacy of Web and Mobile-Based Interventions to Alleviate Physical Symptoms in People with Advanced Diseases: A Systematic Review and Meta-Analysis of Randomized Controlled Trials	GP750	Poster Session

What is the Status of Palliative Care Education in Brazil? A Housestaff Survey on Self-Perception of Palliative Care Skills Competency	GP751	Poster Session
Dialysis patients with lower education prefer a palliative care approach	GP752	Poster Session
Predictors of High Hospital Costs among Patients with Chronic Illness who develop Acute Respiratory Failure	GP753	Poster Session
Interprofessional Competence Development Through Online Palliative Care Education and Virtual Interprofessional Simulation (VISion)	GP754	Poster Session
Family Composition of Cancer Decedents in Denmark Between 2009-2016	GP755	Poster Session
Better Together: The Making and Maturation of the Palliative Care Research Cooperative Group (PCRC)	GP756	Poster Session
An Artificial Intelligence Algorithm to Identify Documented Symptoms in Patients with Heart Failure who Received Cardiac Resynchronization Therapy	GP757	Poster Session
The Impact of Palliative Care on End-of-Life Characteristics in Pediatric Hematopoietic Cell Transplant	GP758	Poster Session
The Impact of Levels of Advance Care Planning Engagement on Bereaved Caregivers' Perceptions of Cancer Decedents' End-of-life Experiences	GP759	Poster Session
Assessing Palliative Care Needs in Patients with Ehlers-Danlos Syndrome	GP760	Poster Session
Impact of Advance Care Planning Coaching for Patients with Chronic Kidney Disease: Results from the MY WAY Randomized Clinical Trial	GP761	Poster Session
An Abstraction Tool to Assess Palliative Care Components	GP762	Poster Session
Identifying Patients with Serious Illness within a Health System to Maximize the Value of Home Based Palliative Care	GP763	Poster Session

Using Admission Karnofsky Performance Status to Allocate Palliative Care Resources	GP764	Poster Session
Managing Opioids, Including Misuse and Addiction, in Patients with Serious Illness in Ambulatory Palliative Care: a qualitative study	GP765	Poster Session
Developing a Normative Standard for Selecting Hospitalized Adults with Whom to Have an ACP Conversation: Results from a Delphi Panel	GP766	Poster Session
Using Latent Profile Analysis to Classify Longitudinal Symptom Burden in Children with Advanced Cancer	GP767	Poster Session
Parenting in Serious Pediatric Illness: A Mixed Methods Study	GP768	Poster Session
A Dimensional Analysis of Inner Strength in People Aging with Serious Illness	GP769	Poster Session
Primary Palliative Care in the Trauma Intensive Care Unit: Are Surgeons Getting Better?	GP770	Poster Session
Improving End-of Life Care: Implementation and Evaluation of the 3 Wishes Project in an American Health System	GP771	Poster Session
Translating Evidenced-Based Guidelines into Clinical Practice using Goal Setting and Palliative Program Dashboards	GP772	Poster Session
Inpatient Opioid Stewardship Initiative to Improve Pain Assessment by Housestaff	GP773	Poster Session
Patterns of Home Health and Hospice Service Use in the Last Year of Life among Community-Dwelling Older Adults with and without Dementia	GP774	Poster Session
Racial disparities in end of life treatment intensity: Findings from the REGARDS study	GP775	Poster Session
The Dreaded Data Monitoring Plan: Building Something Useful	GP776	Poster Session

Describing the Spiritual Care Needs of Patients of Eastern Faiths	GP777	Poster Session
Symptom Experiences of Patients with Multiple Chronic Conditions Including Cancer: A Pilot Study	GP778	Poster Session
Home Hospice as a Strategy for Promoting Better Care and Preventing Overuse within a Health Insurance Company in Brazil	GP779	Poster Session
High Quality Care in Hospice? Medical Director Perspectives on Caring for Patients with Obesity in the United States	GP780	Poster Session
Elements of Family, Social Relationships, and Caregiving in Palliative Care mHealth: A Scoping Review	GP781	Poster Session
Predictors of Opioid-Nonresponsiveness in Post-Acute Care are Shared with Centralized Pain: A Pilot Feasibility Study	GP782	Poster Session
Evaluation of Fluoroquinolone Use in Hospice Patients	GP783	Poster Session
Moral Distress in Health Care Professionals	GP784	Poster Session
Surrogates' Assessment of Patient's Minimally Acceptable Recovery and Recalibration after Severe Acute Brain Injury	GP785	Poster Session
Moral Distress among US Nephrology Fellows: Report of a Nationwide Survey	GP786	Poster Session
Adapting a Palliative Care Literacy Intervention for Use in Israel	GP787	Poster Session
Longitudinal Perception of Prognosis of Patients with High Grade Glioma Compared to their Caregivers and Clinicians	GP788	Poster Session
Central Pain in Patient with Cancer	GP789	Poster Session

Palliative Oncology Tumor Board: Implementation and Impact on Hospitalized Patients with Cancer	GP790	Poster Session
Developing a Spiritual Assessment Tool for Palliative Care	GP791	Poster Session
Symptoms and Management Strategies for Older Chinese Adults with End Stage Renal Disease (ESRD) and Other Chronic Conditions	GP792	Poster Session
Hospice Family Caregivers' Use of Audio Diaries: Preliminary Findings	GP793	Poster Session
Defining a 'Good Death' in Pediatric Oncology: A Mixed Methods Study of Healthcare Providers	GP794	Poster Session
A Moderating Model of Self-Efficacy in Caregivers of Latina Breast Cancer Survivors	GP795	Poster Session
Attitudes of Undergraduate and Graduate Nursing Students Toward Caring for Dying Patients and Their Families: An Educational Needs Assessment	GP796	Poster Session
Implementing Advance Care Planning in a Range of Primary Care Practices: Adapting the Serious Illness Care Program for a Comparative Effectiveness Trial	GP797	Poster Session
Palliative Care Consultation and EOL Care In Trauma Patients: A Descriptive Study	GP798	Poster Session
Parental Satisfaction with Communication in the Pediatric Cardiac Intensive Care Unit is Associated with Parental Anxiety and Education	GP799	Poster Session
One Size Does Not Fit All: Exploring Dose Effect of an Early Palliative Care Intervention for Advanced Heart Failure Patients	GP800	Poster Session
Development and Protocol for a Nurse-Led Telephonic Palliative Care Program	GP801	Poster Session
End of Life in the Neurological Intensive Care Unit: Is Extubating to Comfort Care Comfortable?	GP802	Poster Session

Case Report of the Importance of 'Body Integrity' to a Vietnamese-Chinese American Patient for End of Life Care and Terminal Extubation	GP803	Poster Session
The Association between Depression, Intensity of End-of-life Care and Advance Care Planning among Patients with Cancer	RP300	RAPiD Poster
Prognosis Discordance between Physicians and Families regarding Patients' Functional Recovery after Severe Acute Brain Injury	RP301	RAPiD Poster
Advance Care Planning and Intensity of Care at the End of Life for Adults with Chronic Kidney Disease and Congestive Heart Failure	RP302	RAPiD Poster
Do Life-Sustaining Treatment Orders Match Patient and Surrogate Preferences? The Role of POLST	RP303	RAPiD Poster
Development of a Novel Implicit Association Test for Racial Bias in End of Life Care - The EOL-IAT	RP304	RAPiD Poster
Latent Profiles of Symptom Experiences in Advanced Stage Cancer: Relationships to Acceptance and Commitment Therapy Constructs	RP305	RAPiD Poster
Content of Documented Goals of Care Discussions Based on Communication Best Practices for Patients with Stage IV Cancer	RP306	RAPiD Poster
"If It's The Time, It's The Time": Existential Communication in Naturally-Occurring Palliative Care Conversations with Individuals with Advanced Cancer, Their Families, and Clinicians	RP307	RAPiD Poster
Is PCP Involvement Associated with earlier Advance Care Planning?: A study of patients in an academic primary care setting	RP308	RAPiD Poster
Improving Documentation of Advance Care Planning in Outpatients with Decompensated Cirrhosis	RP309	RAPiD Poster
Decision-making About Clinical Trial Options Among Older Patients with Metastatic Cancer who have Exhausted Standard Therapies	RP310	RAPiD Poster
Testing the "Extra Layer of Support" (ELOS) Mobile Application to Engage Cancer Patients Around Palliative Care	RP311	RAPiD Poster

Getting Everyone on the Same Page: Key Components of an Implementation Process for a Large Pragmatic Randomized Trial Across Three Health Systems	RP312	RAPiD Poster
The Influence of Neoliberalism on Burdensome Life Sustaining Treatments Near the End of Life	RP313	RAPiD Poster
Latent Class Analysis to Determine Patients with Advanced Heart Failure at Highest Risk of Poor Outcomes	RP314	RAPiD Poster
Communication about Prognosis and Illness Understanding Among Adults Receiving Targeted Therapy (TTx) for Metastatic Non-Small Cell Lung Cancer (mNSCLC)	RP315	RAPiD Poster
Advance Care Planning by an Embedded Social Worker for Patients with Advanced Heart Failure Desiring Heart Transplant or Mechanical Circulatory Support	RP316	RAPiD Poster
Palliative Care Consultation for Patients with Central Nervous System Malignancies	RP317	RAPiD Poster
Frequency of Preoperative Advance Care Planning for Older Adults Having High-Risk Surgery	RP318	RAPiD Poster
New Horizons: Evolving Our Understanding of Prognostication in the Era of Machine Learning	RP319	RAPiD Poster
A machine learning based risk stratification tool to coordinate referrals between inpatient specialty and palliative care for patients with Heart Failure	RP320	RAPiD Poster
Living with Vs. Dying from End Stage Renal Disease: Dialysis Patients' Experiences with Advance Care Planning	RP321	RAPiD Poster
'Connection' -- The Integration of a Person Centered Narrative Interventions into the Electronic Health Record: An Implementation Study	RP322	RAPiD Poster
MyPref: An Adaptive Conjoint Analysis-based Communication and Cancer Treatment Decision-Making Tool for Adolescents with Advanced Cancer	RP400	RAPiD Poster
Identifying the Many Functions of Communication in Pediatric Oncology: Perspectives of Parents	RP401	RAPiD Poster

Popular Smartphone Apps to Improve Wellness and Reduce Stress: Science or Snake Oil?	RP402	RAPiD Poster
Facilitators and Barriers of Advance Care Planning Discussions with Adolescents, Young Adults and Parents of Children with Serious Illness	RP403	RAPiD Poster
When Cancer Survivors Become Cancer Caregivers: Psychosocial Effects on Couples	RP404	RAPiD Poster
Relating physical decline with reevaluating goals of care: a qualitative study of young men with Duchenne Muscular Dystrophy and their caregivers	RP405	RAPiD Poster
Navigating autonomy during a vulnerable transition: Examining Patient and Caregiver Experiences of Transitions from the Hospital to the Home within a Palliative Care Program	RP406	RAPiD Poster
Palliative Care Principles and Advance Care Planning in Pediatric Oncology: Prospective, Longitudinal Investigation of Communication Across the Illness Trajectory	RP407	RAPiD Poster
Exploring Parental Decision-Making Regarding Long-term Ventilation for Children With and Without Severe Neurological Impairment	RP408	RAPiD Poster
Poly-symptomatology in Pediatric Palliative Care Patients: Baseline Evaluation of SHARE Parent Reported Data	RP409	RAPiD Poster
Quality of Life of Children and Adolescents Undergoing Hematopoietic Stem Cell Transplantation is Negatively Affected by Psychological Distress Experienced by Their Parents: A Case for Pediatric Palliative Care	RP410	RAPiD Poster
Supporting In-Home Caregivers in Symptom Assessment of Frail Older Adults with Serious Illness: A Pilot Study	RP411	RAPiD Poster
Difficult Conversations: Telling Adolescents about a Parent's Life Limiting Illness and Death	RP412	RAPiD Poster
Provider Views on Integrating Family Caregivers in Clinical Encounters	RP413	RAPiD Poster
Health-Related Quality of Life of Parental Caregivers of Children with Medical Complexity	RP414	RAPiD Poster

Tracheostomy Decision-Making for Children with Medical Complexity: Roles, Factors, Facilitators and Barriers	RP415	RAPiD Poster
Rural/urban differences in clinical care task learning	RP416	RAPiD Poster
'We Feel Like We Are in the Dark:' A Population Level Qualitative Study of the Training and Support Needs of Hospice Nurses Caring for Children and Families in the Community	RP417	RAPiD Poster
An exploration of questions from informal family caregivers of cancer patients in home hospice	RP418	RAPiD Poster
Disparities in End-of-Life Care in Children Dying of Cancer in Alabama	RP419	RAPiD Poster
Despite Prognostic Awareness and Advance Care Planning Parents Feel Unprepared at End-of-Life for Children with Complex Chronic Conditions	RP420	RAPiD Poster
Family Caregiver Burden among Advanced Cancer Patients: Findings from the CONNECT Trial	RP421	RAPiD Poster
Personal Spirituality and Perceived Importance of Discussing Spirituality Among Parents of Children with Cancer, Pediatric Oncologists, and Psychosocial Clinicians	RP422	RAPiD Poster
Intersectionality of Gender and Poverty on Symptom Suffering Among Adolescents with Cancer	RP423	RAPiD Poster
Healthcare Utilization and End of Life Care Outcomes for Patients with Decompensated Cirrhosis based on Transplant Candidacy	RP500	RAPiD Poster
Lack of Exposure to Hospice and Palliative Medicine Training for African American Students: the State of the U.S. Medical Education System	RP501	RAPiD Poster
Keystones in Behavioral Intervention Research in Hospice and Palliative Care	RP502	RAPiD Poster
National Variation in Palliative Care and Associated Outcomes Among Decedents with Heart Failure in Veterans Affairs Medical Centers	RP503	RAPiD Poster

Compared to what? Comparing Counterfactuals in an Observational Study of Palliative Care	RP504	RAPiD Poster
Symptom Classes in End-Stage Liver Disease: A First Scientific Step	RP505	RAPiD Poster
Inpatient Palliative Care Consultation is Associated with Lower Hazard of Readmission for Patients with Hepatocellular Carcinoma	RP506	RAPiD Poster
Factors associated with higher symptom burden and lower quality of life among older adults with advanced cancer	RP507	RAPiD Poster
A National Study of End-of-Life Care among Older Veterans with Hearing and Vision Loss	RP508	RAPiD Poster
Electronically Triggered Hospital-Based Palliative Care: Patient and Clinician Perspectives	RP509	RAPiD Poster
Informing Design of a Smart Phone Mobile Application to Improve Cancer Pain Management: A Survey of Cancer Care Institutions in Nepal	RP510	RAPiD Poster
Prevention and Treatment of Chronic and Opioid-induced Constipation in Patients with Cancer: A Systematic Review and Meta-analysis	RP511	RAPiD Poster
Enhancing the Skills of Palliative Care Researchers in Designing and Conducting Clinical Trials: Lessons from the Palliative Care Research Cooperative Group (PCRC)	RP512	RAPiD Poster
A Psychometric Examination of the PAINAD in Older Adults with Delirium	RP513	RAPiD Poster
Identifying trends in published palliative care research: A 5-year review	RP514	RAPiD Poster
Trends in Non-Invasive and Invasive Mechanical Ventilation and at the End of Life	RP515	RAPiD Poster
Disparities in Supportive Care Needs Over Time among Minority and Non-Minority Patients with Advanced Lung Cancer	RP516	RAPiD Poster

Engaging Palliative Care Patients to Improve Quality Measurement: Preliminary Findings from a Series of Cognitive Interviews	RP517	RAPiD Poster
Unequal Access to Hospital Palliative Care in the US: A State-by-State Report Card	RP518	RAPiD Poster
Distress at End of Life: A Concept Analysis	RP519	RAPiD Poster
How Does Quality of Care at the End of Life in Medicare Advantage Compare to Traditional Medicare?	RP520	RAPiD Poster
The Epidemiology of Loneliness and Social Isolation among Older Adults during the Last Years of Life	RP521	RAPiD Poster
Examining Population-Level Differences in Serious Medical Illness Between Veterans With and Without Post-Traumatic Stress Disorder	RP522	RAPiD Poster
Outcomes of Inpatient Hospice and Palliative Care Unit, and Role of Physician Assistants as Emerging Work Force in Upstream Inpatient Palliative Care	RP523	RAPiD Poster
Outpatient Cardiac Palliative Care Reduces Healthcare Utilization	RP524	RAPiD Poster
African American Faith Leaders' Experience, Knowledge, and Perceptions of Hospice and Palliative Care	RP525	RAPiD Poster
Palliative Care and Infection Management in Nursing Homes: A Nationwide Survey	RP526	RAPiD Poster
The Namaste Care Intervention for People with Advanced Dementia Living in Care Homes: Results from a Feasibility Cluster Randomised Controlled Trial	RP527	RAPiD Poster
