COI Found:
(Co-Author) An Integrative Medicine Approach to the Utilization of Cannabis and Cannabinoids for Palliation in Advanced Cancer Patients: Canadian/US Perspectives and Practical Recommendations

Khiron Life Sciences, Tetra Bio-Pharma, Sante are all companies that promote the use of cannabis, which seems to be a direct COI.

COI Resolved by Angie Forbes on 3/7/2019
Resolution:
(Co-Author) An Integrative Medicine Approach to the Utilization of Cannabis and Cannabinoids for Palliation in Advanced Cancer Patients: Canadian/US Perspectives and Practical Recommendations

Identified a potential conflict, ask individual to alter presentation so that it does not relate to the products or services of the commercial interest.
We may need to discuss this. There is a clear conflict of interest. Is there a way to review the slides in advance or discuss how to handle this. The connection with the companies that promote cannabis use is also potentially a source of knowledge for the presenters.
Secondary Review: Given the complexity of the content and the relationships that the speakers have with the related organizations, CE will not be offered for this concurrent session.

1. Entity: Canadian Consortium for the Investigation of Cannabinoids
   Relationship: Deputy Director
   Self/Family: Self
   What was received: Honoraria
Disclosure Audit Report, 3/7/2019
AAHPM 2019 Annual Assembly of Hospice and Palliative Care

Added 1/15/2019 by Lynda Balneaves, source=Web Response

Disclosure reviewed by Mary Buss on 3/6/2019
COI Found:
(Co-Author) An Integrative Medicine Approach to the Utilization of Cannabis and Cannabinoids for Palliation in Advanced Cancer Patients: Canadian/US Perspectives and Practical Recommendations

COI Resolved by Angie Forbes on 3/7/2019
Resolution:
(Co-Author) An Integrative Medicine Approach to the Utilization of Cannabis and Cannabinoids for Palliation in Advanced Cancer Patients: Canadian/US Perspectives and Practical Recommendations

Identified a potential conflict, ask individual to alter presentation so that it does not relate to the products or services of the commercial interest.
The role and influence of a Deputy Director for the Canadian Consortium for Investigation of Cannabinoids should be disclosed. Depending on the role, there may not be a direct COI.Secondary Review: Given the complexity of the content and the relationships that the speakers have with the related organizations, CE will not be offered for this concurrent session.

COI Resolved by Angie Forbes on 3/7/2019
Resolution:
(Scientific Poster Co-Author) Finding the Path: Incorporating Patient Preferences into an Interactive Clinical Pathway Platform

Conducted a peer review of the individual’s content prior to the live CME activity. (e.g., Review of handouts and or/slides). AAHPM and HPNA will not offer continuing education credit for this poster session. Reviewed by Niki Koesel on 3.4.19 Secondary review: research presented is unrelated to products of commercial interest. No conflict.

(Co-Author) Optimizing the Delivery of Home-based Palliative Care: Experiences From PCORI’s Ongoing Large Multi-site Clinical Trials

It seems this does not interfere with reported relationship but I am unclear what the Pfizer PC study is (if it is related to this content it may need to be reevaluated)
Secondary review: research presented is unrelated to products of commercial interest. No conflict.

COI Found:
(Co-Author) An Integrative Medicine Approach to the Utilization of Cannabis and Cannabinoids for Palliation in Advanced Cancer Patients: Canadian/US Perspectives and Practical Recommendations

Seems like there is a very strong potential for a COI here given the topic of this talk as well as the clear involvement of the author in the cannabis industry.

COI Resolved by Angie Forbes on 3/7/2019

Resolution:
(Co-Author) An Integrative Medicine Approach to the Utilization of Cannabis and Cannabinoids for Palliation in Advanced Cancer Patients: Canadian/US Perspectives and Practical Recommendations

Conducted a peer review of the individual’s content prior to the live CME activity. (e.g., Review of handouts and or/slides).
Secondary Review: Given the complexity of the content and the relationships that the speakers have with the related organizations, CE will not be offered for this concurrent session.

COI Found:  
(Scientific Poster Co-Author) Efficacy Variables in Cancer Versus Noncancer Patients Treated with Methylaltrexone or Placebo: An Analysis of 2 Placebo-controlled Studies  

Applicant needs to clarify whether there is a relationship between methylaltrexone and Wyeth. Reviewed by Judith Baggs on 2/27/2019.  
3/5/2019 JKT Author to disclose to learners prior to poster educational activity. Wyeth Research grant to academic institution. Author is co-investigator for clinical trial. Financial relationships include ‘contracted research’ where the institution gets the grant and manages the funds and the individual is the principal or named investigator on the grant. ANCC considers “opportunity to affect continuing nursing education content” to include content about specific agents/devices. The potential for conflicts of interest exists when an individual has the ability to control or influence the content of an educational activity and has a financial relationship with a commercial interest, the products or services of which are pertinent to the content of the educational activity. COI resolution options:1. Applicant needs to clarify whether there is a relevant relationship between methylaltrexone and the clinical trial supported by Wyeth. Relevant relationships, as defined by ANCC, are relationships with a commercial interest if the products or services of the commercial interest are related to the content of the educational activity. 
2. Not awarding continuing education contact hours poster session educational activity for this poster.

COI Found:
(Co-Author) An Integrative Medicine Approach to the Utilization of Cannabis and Cannabinoids for Palliation in Advanced Cancer Patients: Canadian/US Perspectives and Practical Recommendations

Applicant needs to clarify any relationships between Tetra Bio-Pharma and Sante Cannabis with the presentation. Reviewed by Judith Baggs on 2/27/2019.3/4/2019 JKT Potential COI. Option 1 - have author clarify if the products or services related to the declared financial relationship with Tetra Bio-Pharma and Sante Cannabis is pertinent to the content of the educational activity. Option 2 - remove the poster from the CE award selection of the Poster Session educational activity. This is not a poster session so option 2 does not apply. Follow up with author on option 1. Reviewed by Angie Forbes 3.6.19

COI Resolved by Angie Forbes on 3/7/2019
Resolution:
(Co-Author) An Integrative Medicine Approach to the Utilization of Cannabis and Cannabinoids for Palliation in Advanced Cancer Patients: Canadian/US Perspectives and Practical Recommendations

Conducted a peer review of the individual’s content prior to the live CME activity. (e.g., Review of handouts and or/slides). Option 1 - have author clarify if the products or services related to the declared financial relationship with Tetra Bio-Pharma and Sante Cannabis is pertinent to the content of the educational activity. Option 2 - remove the poster from the CE award selection of the Poster Session educational activity. This is not a poster session so option 2 does not apply. Follow up with author on option 1. Reviewed by Angie Forbes 3.6.19
Secondary Review: Given the complexity of the content and the relationships that the speakers have with the related organizations, CE will not be offered for this concurrent session.
