

The Annual Assembly of Hospice and Palliative Care

CE Satellite Symposia Guidelines

March 13-16, 2019

Hyatt Regency Orlando, Orlando, FL

Thank you for your interest in providing CE Satellite Symposia (CESS) in conjunction with the 2019 Annual Assembly of Hospice and Palliative Care provided by the American Academy of Hospice and Palliative Medicine (AAHPM) and the Hospice and Palliative Nurses Association (HPNA). More than 3,400 physicians, nurses, and health professionals are expected to attend the largest conference related to hospice and palliative care.

The purpose of the Annual Assembly is to promote excellence in hospice and palliative care. AAHPM and HPNA combine their expertise to advance the field, thus meeting the shared goal of improving quality of life for patients facing serious or life-threatening conditions and their families.

The American Academy of Hospice and Palliative Medicine (AAHPM) is accredited by the Accreditation Council for Continuing Medical Education (ACCME). The proposed programs must demonstrate scientific rigor and objectivity and be free of commercial bias for or against any product.

The Planning Committee will review all proposals. Acceptance will be based on overall quality, scientific merit, documentation of practice gaps, and the plan for measurement of outcomes. If there are recommendations for revisions, an updated proposal will be requested. The updated proposal will be reviewed to assure recommendations were accepted and changes integrated. If the proposal is not approved or the funder declines recommended changes or if the final agreement on the funding cannot be obtained then the proposal will be declined. If a proposal is accepted by the Planning Committee, the program will be scheduled as an official CE Satellite Symposium of the Annual Assembly in an available dining slot, depending on availability of space. AAHPM will determine program placement. Once a time has been assigned, it cannot be changed.

The process for submission, selection, and conduct of the CE Satellite Symposia is described below.
