

## 2014 Group Practice Reporting Option (GPRO) Criteria

Reporting Period	Measure Type	Reporting Mechanism	Satisfactory Reporting Criteria
12-month (Jan 1-Dec 31, 2014)	GPRO Web Interface	25-99 EPs	Report on all measures included in the web interface (22 individual measures); AND populate data fields for the first 218 consecutively ranked and assigned beneficiaries in the order in which they appear in the group's sample for each module or preventive care measure. If the pool of eligible assigned beneficiaries is less than 218, then report on 100% of assigned beneficiaries.
12-month (Jan 1-Dec 31, 2014)	GPRO Web Interface	100+ EPs	Report on all measures included in the web interface; AND populate data fields for the first 411 consecutively ranked and assigned beneficiaries in the order in which they appear in the group's sample for each module or preventive care measure. If the pool of eligible assigned beneficiaries is less than 411, then report on 100% of assigned beneficiaries. In addition, the group practice must also report all CG-CAHPS survey measures via certified survey vendor.
12-month (Jan 1-Dec 31, 2014)	Qualified Registry	2 + EPs	Report at least 9 measures covering at least 3 of the NQS domains, OR, if less than 9 measures covering at least 3 NQS domains apply to the group practice, report 1-8 measures covering 1-3 NQS domains for which there is Medicare patient data, AND report each measure for at least 50% of the group practice's Medicare Part B FFS patients seen during the reporting period to which the measure applies.
12-month (Jan 1-Dec 31, 2014)	Qualified Registry	2+ EPs	<i>Report at least 3 measures covering at least 1 of the NQS domains, OR, if less than 3 measures covering 1 NQS domain apply to the group practice, report 1—2 measures covering 1 NQS domain for which there is Medicare patient data, AND report each measure for at least 50% of the group practice's Medicare Part B FFS patients seen during the reporting period to which the measure applies.</i>
12-month (Jan 1-Dec 31, 2014)	Direct certified EHR product or certified EHR data submission vendor	2+ EPs	Report 9 measures covering at least 3 of the NQS domains. If a group practice's EHR does not contain patient data for at least 9 measures covering at least 3 domains, then the group practice must report the measures for which there is Medicare patient data. A group practice must report on at least 1 measure for which there is Medicare patient data.
12-month (Jan 1-Dec 31, 2014)	CMS-certified survey vendor + qualified registry, direct EHR product, EHR data submission vendor, or GPRO web interface	25+ EPs	Report all CG-CAHPS survey measures via a CMS-certified survey vendor, AND report at least 6 measures covering at least 2 of the NQS domains using a qualified registry, direct EHR product, EHR data submission vendor, or GPRO web interface.
